Friends, Fellow Breeders and Cattlemen:

On behalf of our entire family, we would like to thank you for taking the time to look through this years' sale offering. We would also like to say thank you to our past customers. We truly value your business and your friendship. We look forward to building relationships with those of you who may be new to our program.

As always, a new crop of bulls brings a new sense of anticipation as we look forward to the next year in the beef business. We feel this years' set of bulls is the best set ever from top to bottom. We are very proud of the way this set has performed and look. The fall of 2023 recorded some of the highest prices we have experienced in the beef industry, long overdue. It's nice to see things come together for so many that have weathered the storms of the past.

Our bull development program is designed for optimum performance and longevity without overfeeding or over fattening, which can negatively impact long-term profitability. The heifers that are being offered are straight out of the replacement pen, and we feel are capable of meeting the demands of our customers.

In closing, we sincerely appreciate your business and look forward to working with you. We would like to invite you to inspect this tremendous set of cattle that we will be offering on Saturday, March 9, 2024 at the Joplin Regional Stockyards, Carthage, MO.

Best Regards, *The McWilliams Family*
