Friends, Fellow Breeders and Cattlemen:

We would like to welcome everyone to our 2025 Bull and Female sale. We would like to say thank you to our past customers. We truly value your business and friendship. We also look forward to building relationships with those of you who may be new to our program.

As always, a new crop of bulls brings a new sense of anticipation as we look forward to the next year in the beef business. The 2024 year recorded some of the highest prices we have ever experienced in the beef industry. We are very proud of the way this set of bulls has performed and look. There has never been a better time to invest in some new genetics that will add pounds to your calf crop!

Our bull development program is designed for optimum performance and longevity without overfeeding or over fattening which can negatively impact long-term profitability. The heifers that are being offered are straight out of the replacement pen, and we feel are capable of meeting the demands of our customers.

In closing, we sincerely appreciate your time looking at the sale offering, and look forward to working with you. We invite you to inspect this set of cattle that we will be offering on Saturday, March 8, 2025 at Joplin Regional Stockyards in Carthage, MO.

Best Regards, *The McWilliams Family*
